MaxiCare

The 9mm bipolar resection

The complete **MaxiCare** set - Ref. D400 100 008 includes the following elements:

The reference for MaxiCare Active is: D400 100 004

HD Hysteroscope, 4mm, 12°

Autoclavable, L: 300mm

Ref. D300 100 002

Outer sheath, 26Fr.

Double flow. Quick lock.

Ref. D300 130 004

Inner sheath, 24Fr.

Rotatable

Ref. D300 130 005

Passive working element

Compatible bipolar

Ref. D300 130 006

Cutting loop, 30°

Ref. D300 140 004

Cutting loop, straight

Ref. D300 140 007

Coagulating electrode rollerball

Ref. D300 140 006

Coagulating electrode knife

Ref. D300 140 005

Light cable

Autoclavable, Ø: 3.5mm, L: 2.3m. Supplied with Storz connectors

Ref. D200 150 000

Optional accessories:

Vaporisation electrode rollerball with tip

Ref. D300 140 008

Vaporisation electrode rollerball smooth

Ref. D300 140 009

Obturator

Quick lock

Ref. D300 130 007

Visual obturator

Quick lock

Ref. D300 130 010

Sterilization tube

Autoclaving and storage of electrodes

Ref. D200 160 003

Sterilization basket

Autoclavable, 480x250x47mm. Supplied with a silicone mat and a lid

Ref. D200 160 500

Covidien bipolar resection cable

ForceTriad

Ref. D200 190 000

Erbe bipolar resection cable

VIO300D

Ref. D200 190 001
